

Artwork guidelines

Custom-printed ACCENTS whiteboards

You can either print your design the front side only or let your print go around the edges.

INDESIGN TEMPLATES

The easiest way to design your custom-printed ACCENTS whiteboard is to use the InDesign templates that are provided by Legamaster. In the InDesign templates, the right artwork sizes are already pre-set so you can start with your board design right away.

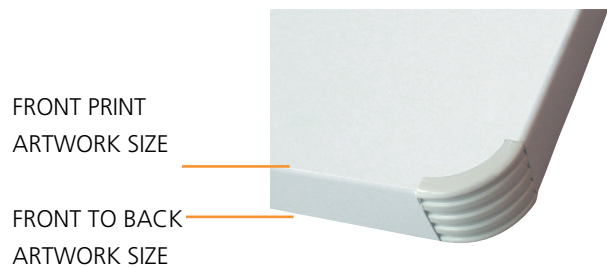

CREATE YOUR OWN TEMPLATE

In case you want to create your own template (e.g. in Photoshop or Illustrator), please see the table on the right to create your design file.

Important note:

- If you only want to print on the front of the whiteboard, select the FRONT PRINT artwork size.
- If you want to have your print around the edges, choose the FRONT TO BACK artwork size.

BOARD SIZE (mm)	FRONT PRINT ARTWORK SIZE (mm)	FRONT TO BACK ARTWORK SIZE (mm)
Total product	Print on front side only	Print around the edges
300 x 400	280 x 380	375 x 475
400 x 600	380 x 580	475 x 675
600 x 900	580 x 880	675 x 975
900 x 1200	880 x 1180	975 x 1275

ARTWORK REQUIREMENTS

- ✓ All images should have a minimum resolution of 300 dpi.
- ✓ Full colour artwork should always be designed in CMYK.
- ✓ Export your final design as PDF file.

DESIGN READY?
